3. Business
  - A. Discussion Re: Public Partnership with Sun City Fire District (SCFD) for Building Inspection, Plan Review and Building Official Services conducted through an Intergovernmental Agreement (IGA) through the SCFD Fire Marshal position.

Town Manager Robinson

    - Also present to night are Sun City Fire Chief James Haner and Fire Marshal Jim Fox. We are here to discuss how not to duplicate services. Both Sun City Fire and the Town of Youngtown conduct plan review, building inspections and building permits. This IGA is a conceptual idea from Sun City Fire District. Staff is looking to Council for any concerns and/or comments regarding an IGA with SCFD.

Mayor LeVault

    - We are looking for ways to save taxpayer dollars but also provide quality service to our residents. This is a way to enhance our relationship; SCFD is more than just a fire department to the Town. The result would be a way for a long term solution at a reasonable expense.

Councilmember Mello

    - I think this is a smart move. We need to allow time and evaluate the course of action to take.

Councilmember Chittenden

    - This is a great idea Chief Haner. Sun City Fire has always done a great job looking after the Town and now with Englewood Development building Aurora Village this just builds continuity.

Vice Mayor Duran

    - I would like to say to Jim, I so appreciate your work, your expertise and your consistency.

Town Manager Robinson

    - We are meeting with Sun City Fire District to work out compensation. The SCFD Board and Youngtown Council would have to be in agreement with the compensation. We will bring this back to Council on March 7<sup>th</sup>.

Chief Haner

    - We think that this move would be a great outreach program for the Fire Marshall's Office as not to duplicate services. This gives Youngtown and the Fire District a lot of room for efficiency and enhance an already Fire/Government relationship.
